WORLD PSORIASIS DAY 2019

Each year, the International Federation of Psoriasis Associations (IFPA) sets a specific theme for the upcoming **World Psoriasis Day on 29 October**. This theme inspires their members' activities and shines a spotlight on a specific psoriasis-related issue.

This year's theme "**Let's get CONNECTED**" intends to connect individuals living with psoriasis to a larger community, to connect psoriasis to the global conversation around universal health coverage and to create meaningful partnerships within the NCD community.

IFPA and its members in 56 countries are organising awareness-raising and advocacy campaigns to promote awareness, encourage inclusion, and build connections between individuals and organisations.
