
Amplify your commitment to fight NCDs further... share the thunderclap!

Language English

A big **thank you** to all of you who have signed up to share your "[commitment to fight #NCDs](#)" [1]. Thanks to you, we reached our target of 100 people joining by 12th December, when the Thunderclap will go live. As it stands, our voices sharing one message will reach over 250,000 people in over 48 cities around the world.

Let's not stop there!

We'd share our commitment to fight NCDs with at least **1 MILLION** people, and across even more countries - **can you help?**

Please share the thunderclap with your social media network, or pick a commitment from the list to share on social media.
