### **Extended Description:**

The NCD Alliance is pleased to announce the launch of our 2021-2026 Strategy, which is built upon four pathways of action: **advocacy and accountability, capacity development, knowledge and partnerships**. This new phase is driven by a set of short- and long-term strategic goals.

The Strategy 2021-2026 is based upon an independent evaluation that was carried out in 2020. It evaluated NCDA's performance during the previous strategic period, gathered views and perspectives from our members and partners,

and provided recommendations on strategic directions for 2021 onwards.

During the following six months, the NCDA Board drew upon the evaluation and reviewed NCDA's theory of change as they developed the new strategy.

The Strategy 2021-2026 presents a road map with high-impact pathways to support civil society in driving progress on NCD prevention, care and financing. The NCD Alliance thanks its members and Board of Directors for their support and dedication in creating the Strategy, and we look forward to another phase of collaboration in achieving our shared aims.
