### NCD Alliance Annual Report 2020

Our Annual Reports provide an overview of the activities and achievements of NCD Alliance and our extensive constituency – our network, partners, volunteers and staff.

As an Alliance, we have always taken a long-term view. We chose to tackle the global noncommunicable disease epidemic through global advocacy, coupled with mobilising and strengthening the NCD civil society movement at national and regional levels. Our approach is delivering results, building knowledge, and inspiring leadership. Our experience shows that together we can achieve more.

2020, the final year of our 2016-2020 strategy, was dominated by the COVID-19 pandemic, which exacerbated deep inequalities in our societies and highlighted the urgent need to address the health and care needs of people living with chronic illnesses – better and more fairly. It also made clear the need for systemic change at all levels, placing equity at the heart of recovery. These critical needs drove all aspects of the NCD Alliance's work, demanding our swift adaptation.

The 2020 annual report provides a snapshot of the activities and achievements of NCDA and our extensive constituency. It also includes a summary of financial statements. The report serves as a testament and heartfelt thank you to our community as we move ever closer towards meeting our common goal: to reduce the NCD burden for people everywhere.
